Silence Is your Right

What is Silent Space® Acoustic Silent Booth

Silent Space® is our latest innovation in acoustic booth Technology — meticulously designed to transform your Workspace into a zone of focus, privacy, and performance. Think of it as adding a fully functional "room within a room", Engineered for today's dynamic office environments.

With a sleek modular design, Silent Space® booths can be swiftly assembled and tailored to fit your office layout just like a lightning-fast "plug & focus" setup. Expertly crafted with premium sound insulation and acoustic absorption materials, Silent Space® minimizes noise and distractions, helping you glide effortlessly into the productivity zone.

To create the perfect sanctuary for deep work or private conversations, Silent Space® integrates:

- . Ergonomic seating
- . Adjustable lighting
- . Silent air ventilation

Silent Space® booths also offer rich customization options from calming "focus corners" to dynamic "collab zones." Whether you need a personal think-space or a strategic planning pod, Silent Space® adapts to you.

By choosing Silent Space®, you're not just upgrading your office — you're reimagining how work feels. Say goodbye to noisy distractions and hello to a purposeful, high-performance environment that helps you concentrate, collaborate, and thrive.

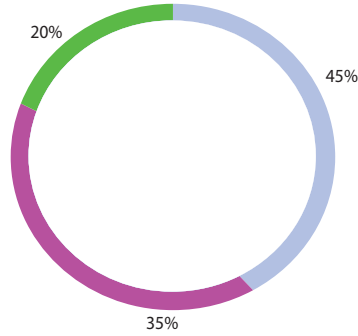

30 Minutes

An Active Worker Loses on a verge thirty minutes of work per day because of annoyance related Noise

Technical Details

Aluminum Frames

Silent Space® has a sturdy frame made from strong aluminum used in airplanes. This makes sure that the product lasts a long time and does not get damaged easily

Movable Design

Silent Space® For flexible placement and effortless movement. The office pod has wheels, so you can move it easily in your building. You don't have to hire movers for small jobs anymore

Ventilation System

Silent Space® offers the latest ventilation system. Model L has a ventilation volume of 459m³/h

Occupancy Sensor

Silent Space® When someone is using the office pod, the light will turn green to red.

Control Switch

Silent Space® With the dimmer panel, users have full control over the ventilation speed, light strength, and light temperature, allowing them to create a personalized and ideal working environment that promotes productivity.
